

# BIOPHYL™

Made with DuPont™ Sorona® renewably sourced polymer

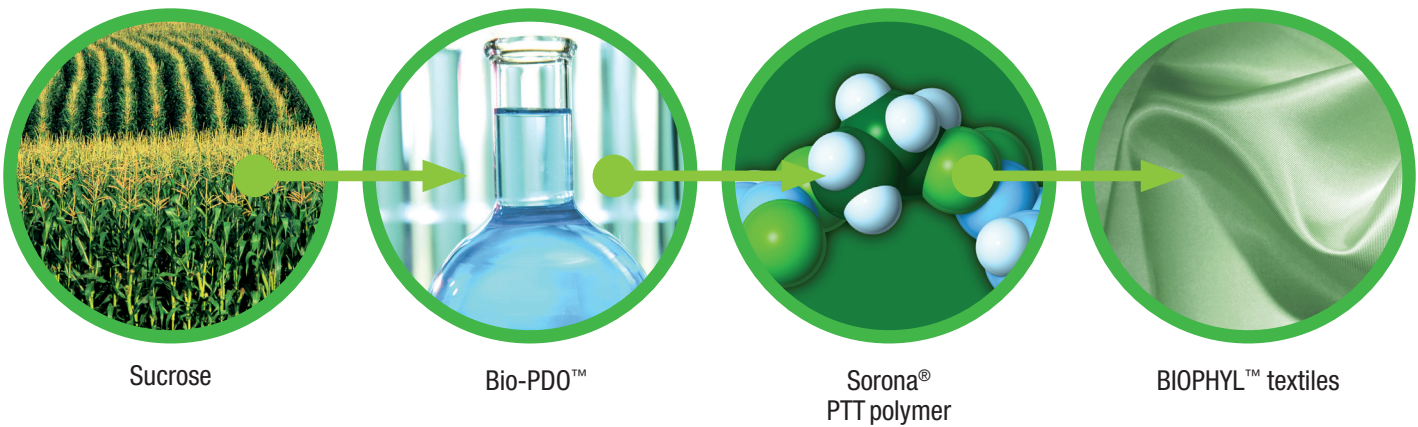

## ECO, SOFTNESS, COMFORT & EASY CARE

### Discover the latest BIO innovation for garments :

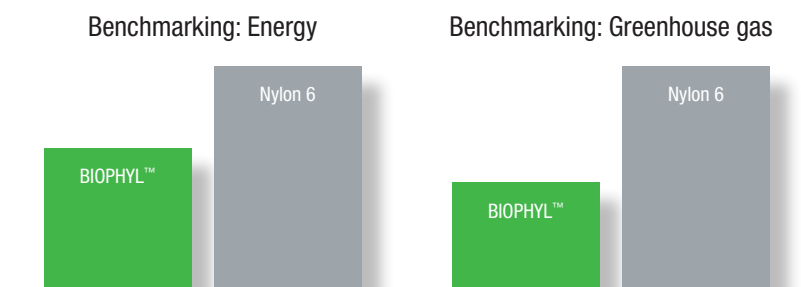

BIOPHYL™ is the innovation for garments from ADVANSA fibres made with renewable resources, combining sustainability with the performance and easy-care benefits of synthetics.

By replacing traditional petrochemicals with renewable resources and biological processes, we are one step closer to building a renewable economy.

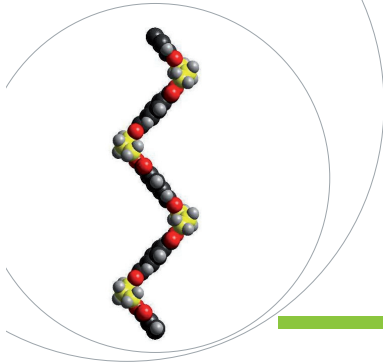

### Environmental Benefits :

The production of the polymer used for BIOPHYL™ requires up to 30% less energy, and reduces CO<sup>2</sup> emissions up to 63% over the production of an equal amount of Nylon 6.

**The unique molecular structure of BIOPHYL™ provides a combination of benefits :**

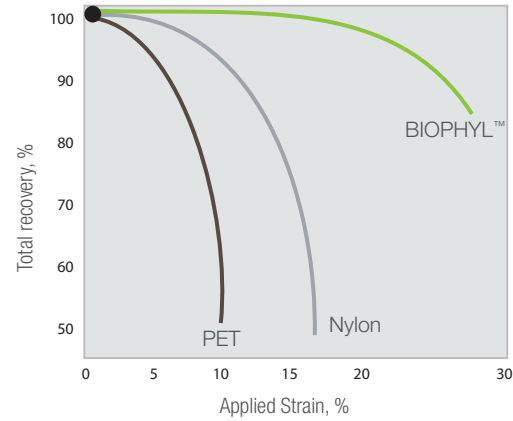

## SOFTNESS

- Fluid drape
- Second skin comfort
- Silky hand

## COMFORT

- Comfort stretch
- Good recovery
- Freedom of movement

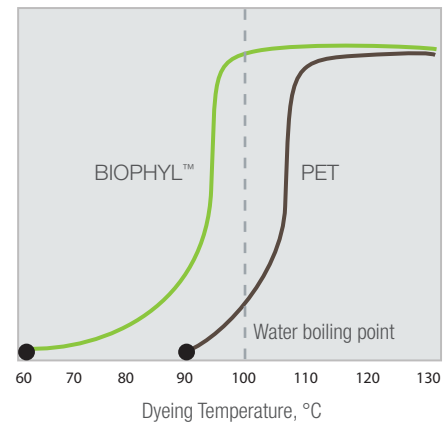

## EASY CARE & FLEXIBILITY

- Wrinkle resistant
- Fast drying
- Long durability
- Stain resistant
- Suitable for heat setting
- Wash and iron under normal conditions

## VIBRANT COLOURS

- Bright and durable colors
- Excellent color fastness
- Easy dyeability and printability
- Can be dyed at lower temperature than regular polyester
- UV and chlorine resistant
